

TEN QUESTIONS TO ASK ABOUT AI IN HEALTHCARE

1 Is AI being used in my or my child's care?

6 How is my personal health information protected?

2 What specific job is this AI doing?

7 Was this AI tested on people like me?

3 Is my doctor reviewing everything the AI suggests?

8 How do you know the AI is working correctly?

4 Can I choose not to use the AI tool?

9 Does my doctor understand how this tool works?

5 Where is my personal health information going?

10 Can I have my data erased later?
