

Start by making a list of things that your kids do online. We'll start with a few examples to get you started.

- | | |
|-----------------------------|---|
| 1 Playing games | 5 |
| 2 Using Facebook | 6 |
| 3 Sharing photos and videos | 7 |
| 4 | 8 |

For each one, think of some things you want your kids to do and things you *don't* want them to do. Only use the examples if they make sense for your family.

Activity 1 (Example) Playing games

Rules: (Example) Don't buy things in games without checking with me first

Activity 2 Using Facebook
